COACHING OF STRATEGIC LEADERS

Developing leaders to take the organisation forward

Program enables participants to identify different approaches to their immediate leadership challenges and also to plan for long term results and impact. It focuses on three core impact areas – Leadership, Strategy and Change, and makes continual links between these three.

Programme is designed for individuals who develop strategies and lead change programmes at an organisation or team level.

COACHING OF STRATEGIC LEADERS

Outcomes for you and your organisation

After working according to the program tailored to each individual separately setting led by the latest trends in international business relations, participants will be able to:

- become high-achieving leaders, acting decisively and effectively
- understand how to consistently act strategically rather than operationally
- adapt their leadership style to the needs of their organisation and teams
- know how to create an empowering culture
- use cutting-edge strategic tools to create a successful impact
- manage change processes within your team and organisation
- tackle both transformational and incremental change
- communicate messages to make an impact
